The Octopus Ecosystem

Supercharging your Net Zero journey

We're the EV experts, here to connect you with the smartest solutions—from salary sacrifice schemes to public EV charging.

And that's just the start. As part of Octopus Energy Group, we supercharge your experience by giving you access to the entire **Octopus green energy ecosystem**—helping you accelerate towards Net Zero.

Hit your net zero goals and save money

Based on 50 employees taking a 3 year lease:

You can choose whether to save National Insurance Contributions or pass them back as savings to your team. We recommend passing back 10% to your team to reduce the cost of their car.

**Calculated by how many tonnes of carbon would be saved by an EV versus how much can be absorbed by trees.*

Benefits for your business

EVs for your team with salary sacrifice

EV salary sacrifice can help your business meet its Net Zero goals, and keep your team happy. Plus it's free for your business to set up and run.

Great value clean energy

Sustainable energy tariffs tailored to your needs with carbon reporting data. Choose from **Electric Match** or **Shape Shifters**

The complete electric fleet solution

Cut costs and carbon emissions with EV business leasing. Claim back **50% VAT** and enjoy fully covered maintenance.

EV charging on the go

Octopus Electroverse, Europe's largest charging network. Enjoy seamless fleet charging, consolidated invoicing, and easy billing from a single platform.

Carbon reporting

Keep track of your business's carbon footprint with monthly reports on the HR dashboard.

Benefits for your team

Salary sacrifice

It's like cycle-to-work, but for cars. Your team can save up to 40% on an EV. Plus a free home charger or public charging credit.

Discounted home energy or public charging

Save around
£1,076/year

with an exclusive discount on market-leading EV tariff from Octopus Energy.

Up to
8% off

4,000 free miles of public charging from Electroverse, plus an additional 8% off

Solar and heat pumps

All your employees get exclusive access to discounts on solar panels and heat pumps for their homes.

Approved used cars on salary sacrifice

Our nearly new EVs have had a previous life as demo cars, company cars, or leases. We've spruced them up so you'll get a top notch EV at a great price.

Join **7,500+** employers driving the EV revolution.
